CERTIFICATES

ECO-FRIENDLY

Multifunctional

As we know ,the problem with plastic is a global problem that concerns us all. The products made of this material usually have a very short useful life but take hundreds of years to degrade, which leads to environmental pollution. Therefore, Aardar joined the fight against excess plastic in the oceans

since 2018 to produce the RPET bags.

We would like like to do our bit by presenting our range of environmentally-friendly

items made from recycled polyester material from PET (RPET) plastic bottles

to appeal the concerns.
